**About Human Resource Development Corporation (HRD Corp):**

Human Resource Development Corporation (HRD Corp) was established in 1993 as the Human Resources Development Council. It was incorporated into Pembangunan Sumber Manusia Berhad through the enactment of the Pembangunan Sumber Manusia Berhad Act 2001.

As an agency under the Ministry of Human Resources, it is responsible for collecting levies from key industries and disbursement of training grants to registered employers through its internal mechanisms known as the Human Resources Development Fund (HRDF).

In April 2021, HRDF became HRD Corp. The name change reflects its new responsibilities, directions and mission. These include expanding its workforce, upskilling and reskilling efforts to all Malaysian employers and individuals, and providing income-generating opportunities to all communities in need.

This transformation is in line with HRD Corp's ambition of driving Malaysia's talent development aspirations for the long term.
