

NEWSLETTER

"Editor's Note"

Greetings,

We are thrilled to offer the most recent edition of the newsletter, which is jam-packed with fascinating details regarding our IndSF Unit. This month's newsletter covers our stakeholder engagement strategies for the Sectorial Training Committee and other developments regarding the Industrial Skills Framework.

As is widely recognised, our Industrial Skilled Frameworks play a critical role in determining the path directions and training required for people to advance in the work-life context and to keep up with current revolutions in the sector.

In keeping with that, the IndSF Unit is engaged in various actions to ensure that these two projects can effectively promote human capital development. We hope you'll enjoy this month's edition of the newsletter.

INDSF DEVELOPMENT

August marked significant strides in the development of IndSF Agriculture (Non-Perennial Crops). Part 1 of the sectorial information has been drafted, and the date for the third workshop has been finalised. Stay tuned for more updates and upcoming workshops.

**INDSF
AGRICULTURE
(NON-PERENNIAL
CROPS)**

**INDSF
TELECOMMUNICATIONS**

We executed the second workshop for the IndSF Telecommunications document on August 29. Seven Subject Matter Experts (SMEs) from TM, Maxis, ZTE Malaysia, Time dotCom, Measat, and Edotco Group collaborated on the development and provided critical insights to help us improve our framework. We are enthusiastic about the strong structure that is taking shape as we move forward. Furthermore, a portion of the sectorial information has been prepared. Stay tuned for further information and upcoming workshops.

August marked significant strides in the development of the IndSF Drone Technology document. An online SME briefing session was conducted on the 23rd of August, with 13 committed SMEs appointed, laying a solid foundation for our development. Stay tuned for more updates on the development of the IndSF Drone Technology document and upcoming workshops. In addition, Part 1 of the sectorial information has been drafted.

INDSF ENHANCEMENT

INDSF HOSPITALITY - HOTEL

August has been a busy month for refining the IndSF Hospitality document. The Secretariat made great efforts to incorporate feedback from SMEs gathered through the third workshop from the 14th to the 22nd of August. Our team has proudly completed all Focus Areas (Part 2). We are currently finalising the outcomes for validation in September. Your sustained involvement guarantees that the IndSF Hospitality document reflects the industry's most excellent standards and inventive approaches.

INDSF DIGITAL TECHNOLOGY

We are delighted to provide an update on the IndSF Digital Technology document. The Secretariat has been diligently incorporating input from our SMEs. With the third workshop for Data Science and the second one for Cybersecurity planned for September, we look forward to even more meaningful insights and a more fine-tuned set of results.

INDSF APPAREL & FOOTWEAR

It has been an exciting month for our team as we actively work to sharpen our framework for the IndSF Apparel and Footwear Manufacturing document. We are thrilled to announce our plans for the third workshop, slated for September 2023. These joint efforts will move us closer to forming robust digital competency frameworks.

SECTORIAL TRAINING COMMITTEE

Sectorial Training Committees (STC) are groups of representatives from several organisations within a specific sector or industry. The committee members will gather and work collaboratively to improve the industry. For the third meeting, the focus areas include in-depth technology assessments for the respective sectors, the identification of skills according to ongoing industry revolutions, and the strategic development of courses tailored to the industry's evolving needs. The dedication to remaining at the forefront of change, promoting innovation, and developing a highly trained workforce is highlighted by this team.

INDSF DOWNLOADS

Total Downloads

As of

August 2023

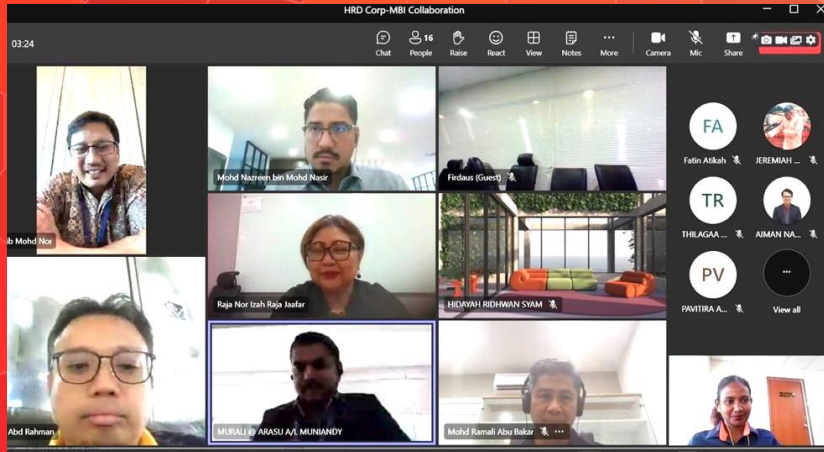

40,940

We're excited to provide you with the latest updates on our efforts to enhance accessibility and awareness of the Industry Skills Framework (IndSF) document downloads. As we closely monitor the download count of IndSF documents from the HRD Corp portal, we're pleased to share a significant accomplishment: a consistent surge of 1,773 downloads in August 2023, highlighting the growing recognition of IndSF's value in Malaysia's human capital development landscape. Notably, we've achieved a significant milestone by accumulating a total of 40,940 downloads in the year 2023 so far. Our proactive engagement with industry players through webinars and workshops underscores our dedication to raising awareness about the pivotal role that these documents play. Looking forward, our unwavering commitment to fostering collaboration and embracing innovation propels our roadmap to craft new IndSF documents in collaboration with diverse industries.

EVENT GALLERY

- On 9th August 2023, we held a virtual meeting between the Industrial Skills Framework (IndSF) Unit and the Menteri Besar Selangor (Incorporated) team to discuss how we may work together to make the IndSF document more accessible, usable, and effective.
- The prospect of tying or merging the Kerjaya Selangor platform with HPC activities was also a major topic of discussion.

- On 23rd August 2023, we conducted a virtual discussion with the Ministry of Health (MOH) to discuss the potential development of the IndSF document for T&CM.
- This online discussion between the MOH and IndSF Unit, which was attended by six MOH representatives focused on the potential production of an IndSF document to support the T&CM Blueprint. (2018-2027)
